Polish Army to West Prussia in the armistice agreement with the Entente Powers.

"Since the conclusion of the armistice," says the reply, "the entire situation in Posen, West Prussia and Danzig has entirely changed."

Offering the ports of Stettin, Koenigsberg, Memel or Libau, the German Government says: "All necessary facilities for the speediest possible landing and transit of Gen. Haller's army to Poland will be provided. From the standpoint of railroad facilities, the routes from these cities lead more speedily to the goal, without entailing interruption of importations of foodstuffs to Poland."

According to the Berlin Tageblatt, all parties in the Weimar National Assembly, including the Independent Socialists, approved of the Government's reply to the Entente note. The German newspapers generally support the Government's position. The Socialist Vorwaerts says that Hungary's reception of the note recently sent to her by the Entente should have taught the Entente Powers that it is "not only inhuman but foolish to treat defeated opponents as slaves, upon whom any humiliation can be imposed."

The Berlin Tagesblatt says that the spirit of the note shows the desire of the Entente absolutely to rush Germany, while the T. S. staff takes the demand to "the men" by which every arrogant failed flat policy inaugurates the realization of its predatory plan.

## BOLSHIEV BUGABOO RAISED IN GERMANY TO SCARE THE ALLIES

Bernstorff and Others Accused of Plan to Score a Diplomatic Victory.

BERLIN, March 29.—Radical leaders declared to-day that the bugaboo of Bolshevism in Germany is a trick by which Foreign Minister Brockdorff-Rantzau and Count Bernstorff hope to score a diplomatic victory, in spite of military defeat.

According to the radicals, the threat to refuse the peace terms and throw Germany into Bolshevism—which is being made, especially with a hearing of members of the Allied Mission—is an effort to impress the peace conference with the seriousness of the situation here. It is charged that the German Foreign Office hopes this may lead to a split between the Allied nations regarding the procedure if the Germans refuse to sign the pact.

A supposedly secret organization of officers and soldiers of the old regime is being watched apprehensively by the radical elements, who claim it is the beginning of the reactionary movement.

Participation of Gen. Ludendorff in recent street demonstrations, during which he was loudly cheered by the crowds, worries the pacifists, who also are concerned at the rapid enlistment in the new military units under old leaders.

## ALLIES INFLICT LOSSES ON REDS IN NORTH RUSSIA

First Detachment of American Railroad Troops Reaches Murman Coast.

ARCHANGEL, Friday, March 28 (Associated Press).—Allied artillery was active to-day in the vicinity of the village of Bolshoi Ozern.

A small infantry attack was made on the Allied positions on the Vega front on Wednesday. In spite of a bombardment which preceded the attack, the Bolsheviks were repulsed and lost heavily. The Allies suffered only two casualties.

The first detachment of American railroad troops, destined for work on the Murman Railway, has arrived on the Murman coast. Other detachments are expected to follow soon.

LONDON, March 28.—Between March 14 and 18 Admiral Kolchak's anti-Bolshevik army advanced fifty miles and took 4,000 prisoners on the Ural front. One was captured on March 15.

## DROPS NEWSPRINT INQUIRY.

WASHINGTON, March 29.—The Federal Trade Commission has denied the application of newspaper publishers for reopening of its investigation of newspaper paper costs and prices.

While holding that it might have the right to reopen the matter, the commission announced it was without funds to conduct an inquiry into costs and that it could not incur the necessary expenditures without authority from Congress.

## ALLIES PLAN LINE ACROSS EUROPE AGAINST REDS

To Extend From Baltic to the Black Sea In Effort to Stop Bolshevist Tide.

PARIS, March 29.—The Bolsheviks continue to form the principal subject for informal discussion among the peace delegates. A military policy regarding the Bolsheviks apparently is taking more definite form, and the summoning of Gen. Mangin to Paris is regarded as significant, in connection with plans advanced by the French.

These plans anticipate establishment of a firm line from the Black Sea to the Baltic, to hold back the tide of Bolshevism. Whether such a plan will remain defensive, or would assume the offensive as the best means of defense, naturally is problematical.

It is now revealed that William Bullitt, special investigator for the American delegation, saw Premier Lenin while in Petrograd. When his report is made public it is expected to reveal much interesting information, covering points that hitherto have been hazy.

As a complication of the situation comes the news that the Hungarian Reds have declared a Bolshevik war against border countries, including Serbia. It has also opened its frontier toward Russia. French and Hungarian troops have engaged in skirmishing at Siegodin, in South Hungary.

## AUSTRALIANS FEAR JAPS MIGHT TAKE ADVANTAGE OF MONROE DOCTRINE PACT

Amendment Is Withheld From Covenant While Experts Try to Overcome Objection.

PARIS, March 29 (Associated Press).—The Australian peace delegates have pointed out that the proposed amendment to the League of Nations covenant regarding the Monroe Doctrine, providing for recognition of the binding force of the policy, and confirm Japanese claims to preponderance in China and the Orient.

Fear is expressed in some quarters that the opposition which has developed on this account may jeopardize the amendment. Experts are trying to find a formula that will overcome this objection, and meanwhile the amendment has been withheld from insertion in the covenant.

## BULGARS MASS ARMY ON SERBIAN BOUNDARY

## ROUMANIANS DEFEAT BOLSHIEV FORCES

BUCHAREST, March 29.—Roumanian troops inflicted a crushing defeat on Bolshevik forces along the left bank of the Dniester near Javilaska (Bessarabia) it was announced in an official despatch from Bucharest to-day.

New Tropic troops, twelve miles northwest of Odessa, the Roumanians have established contact with the French.

ZITICH, March 29.—Bolshevik forces have reached the outskirts of Odessa, according to an official wireless received from Moscow to-day.

Recent despatches reported Bessarabia had declared its independence, formal an alliance with the Roumanian Bolsheviks and attacked the Roumanians, drove them across the Pruth River. The above despatch indicates the Roumanians still hold the entire southern portion of Bessarabia.

## LABOR PLANS CAMPAIGN FOR POWER IN CONGRESS

Details of the drive, which will be non-partisan, are to be worked out, Morrison said, at a meeting of the Executive Committee of the Federation in Washington late in April or early in May.

The purpose of the campaign is to carry through Congress the pro-labor programme of labor. It does not embrace the formation of a separate labor party, Morrison declared emphatically.

## GERMAN STRIKERS DEMAND RELATIONS WITH RUSSIAN REDS

Haase, Attacking Noske for the Shooting of Spartans, Also Calls for Recognition.

COPENHAGEN, March 29.—The strikes in the Ruhr industrial region are extending, according to despatches from Essen to-day. Thirty thousand men are reported out.

At a meeting of the strikers at Langendreer, near Dortmund on Thursday, demands were formulated, including the formation of a Revolutionary Workers' Guard, the establishment of political and economic relations with the Russian Soviet government, and the disarmament of the police throughout Germany.

WEIMAR, Friday, March 28 (Associated Press).—In the National Assembly to-day Hugo Haase, the Independent-Socialist leader, made a violent attack upon Gustave Noske, the Minister of Defense, for his methods in suppressing the recent strikes, the shooting of Spartans and other alleged abuses of power, claiming that the Defense Minister's course constituted a return to imperialism.

Heer Haase also attacked Chancellor Scheideemann for underestimating Sanday's demonstration in Berlin in favor of Gen. Ludendorff.

Heer Haase declared in favor of entering into immediate relations with Russia, saying that the Ukraine would soon be able to supply Germany with raw material and later with food. He said, however, that the Independent-Socialists would not consider a treaty with Russia as one militating against England or the Entente in general. They merely desired the end of the war to come, he declared.

## RESTORE SARRE BASIN, DEMAND OF FRANCE

Formal Claim Before Peace Council Is for Restoration of Boundaries of 1814.

PARIS, March 29 (Havas).—In laying her claims before the council of four yesterday, France asked, first of all, that her boundaries, as fixed by the Treaty of Paris, May 30, 1814, be restored.

In the Rhine province, on the left bank of the Rhine, it was stipulated, the Germans should have no military armaments, but should not be permitted to establish fortifications, occupy the territory with armed forces, nor control the railways. Thus the Rhine would serve France as a natural frontier.

The Treaty of Paris in 1814 provided that France renounce her claims on Belgium and the left bank of the Rhine and returned in 1872, before the revolution. This compact, France is insisting, has self to the provinces of Alsace and Lorraine, west of the Rhine, those territories having been under French control since 1833.

## THREAT TO "GET" POLICEMAN ENDS IN "COP" GETTING HIM

Miller, 6 Feet Tall, Shot At and Missed, Now Held as Burglar Suspect.

The place was about to close, and Ed Miller, said to be an ex-convict, six feet long and black as his hat, called for another of the same, drank it, yawned, and announced:

"I guess I'll go get Mack now and I'll get him good."

A thin man near the door slipped out of the saloon, which is at 1321 Street and Fifth Avenue. It was this morning, just after midnight. The thin man, hunted up Paulman McCannville of the West 135th Street station.

"Mack," said the thin man, "Ed Miller says he's going to get you tonight."

McCannville was annoyed. "I'll have to get Ed, then," he said. "The only thing is after him to get when another guy is after him to get the other first."

McCannville took up the trail. Miller had left the saloon, but at No. 2162 Fifth Avenue, in the same block, McCannville found a tenement with a cellar window pane gone. The policeman went upstairs and worked his way down. In the semi-darkness of the basement corridor McCannville and Miller collided and grappled. They broke apart and McCannville says Miller threatened to shoot. But it was McCannville who shot first, and Miller, though uninjured, put up his hands.

He was taken to the station and searched. The police say they found on him a revolver, two pairs of opera glasses, three pawn tickets, a pair of handkerchiefs and seven gold coins. The Sullivan Law sufficed. It is a preliminary charge will be an investigation of the other things is being made.

It was McCannville who arrested Miller in a stabbing case two years ago. Miller shot twice that time without hitting McCannville. The policeman shot once and inflicted a wound which kept Miller in a hospital for six months.

approximately 1,000 men, to be turned over to commanders there. Volunteers desiring service in Siberia, Italy or other foreign countries will be assigned to those places, Gen. March said.

In the new recruiting campaign, first announced several weeks ago, 2,797 men have enlisted at the various recruiting offices located at various points.

Gen. March referred to the enlistments as a "small number" and explained that the new promise of foreign duty would probably appeal to many men who did not see service abroad during the war.

Internal conditions in Europe have caused no change in plans for returning troops to America, so far as the War Department has been advised, Gen. March said. It was his understanding that troops now in Italy were being concentrated at Genoa for return.

Arrival of the 168th Engineer Company at Murmansk, March 25, was announced. It carried 133 men and 15 officers. Another Engineer Company, the 167th, is en route and will arrive soon.

Old Trinity Church was filled to the last seat to-day at the high noon funeral service over the body of Major James A. Roosevelt, cousin of the late ex-President, who died at sea on the Great Northern.

Ever since the arrival of the transport the body had been lying in state at Trinity. The church was banked deep with flowers. The High Episcopal service was read by the Rev. William T. Manning, and the funeral was conducted with military honors.

Four companies of Regular Army soldiers were present, having been brought from Governor's Island, and the active pallbearers were all officers of Major Roosevelt's division, the 77th.

When the soldiers reached the church the coffin was in the entrance, draped with flags. The pallbearers carried it down the center aisle to the chancel, which was decorated with the American, French and British flags.

The honorary pallbearers were: Lieut. Col. Theodore Roosevelt, Capt. Kermit Roosevelt, Capt. Archibald Roosevelt, Major Philip Roosevelt, Lieut. Col. Charles W. Whittelsey, Major Francis M. Weld, Major Kenneth Budd, Major Archibald Thacher, Major De Lancy J. Jay, Capt. Allen L. Lindley, Lieut. Col. Douglas S. Campbell, Major Frederick Fulterson Weaver and Capt. James Loughborough.

The regulars were seated on either side of the chancel during the service. Afterward they formed lines up the aisle and out into Broadway.

Dr. Manning led the procession from the church. He was followed by the pallbearers with the casket, after which came the choir singing. The band of the 22d Infantry played Chopin's funeral march at the church door, and traffic in Wall Street and lower Broadway paused.

W. Edwin Roosevelt, with the widow of the Major, followed the procession. The body was taken to Greenwood Union Cemetery.

## 69TH FIRST NEW YORK REGIMENT IN WAR.

The old 69th Regiment was the first of New York's National Guardsmen to get under arms after the United States went into the war. Before they left the old armory on Lexington Avenue they were joined by 500 men from the old Seventh New York and 500 men from the old 12th, 14th, 23d and 71st National Guard Regiments.

So it was an all-New York regiment which became one of the four infantry regiments of the famous Rainbow Division which was made up from National Guard units of twenty-six States. The 69th was the first regiment in the United States to be enlarged to the European standard, which included 250 men to a company and 3,505 to a regiment.

It was the first New York regiment to leave its armory and the first New York regiment to sail for France.

From here the 69th went to Camp Mills and became the 165th Infantry, L. S. A. There the Rainbow (42d) Division was trained and went to France in the fall of 1917.

The last time New York saw of the gallant 69th was when the regiment paraded through Fifth Avenue as an escort to the Japanese Mission in August, 1917. The Colonel of the Regiment then was Charles Hine, one of the biggest railroad transportation men in the country and Father Patrick Francis Duffy was then as now, its beloved chaplain.

In that line of march was Major "Bill" Donovan and Major "Jim" McKenna, who died in battle on the Ourea. A lot of the men in that line have joined Major McKenna across the river and the regiment has had seven Colonels since then. And now Col. W. J. (Wild Bill) Donovan is coming home at the head of it.
